### AWFUL A DOUBLE TRAGEDY

#### BERRY BEASLEY SHOT HIS WIFE AND THEN HIMSELF.

Shooting Occurred at the Ingram Wagon Yard Yesterday Afternoon.

At 5 o'clock last evening a sickening tragedy occurred at the Ingram wagon yard on North Stewart street, when Berry Beasley shot and killed both his wife and himself.

Beasley had been on the county farm for assault but his fine had been paid to relatives and he had returned to town on Sunday. Mrs. Beasley was engaged at Waldrop's boarding house on South Wexley street as a waiter on the tables. Soon after 1 o'clock yesterday Beasley sent a call for his wife to bring her to Mr. Ingram's. Arriving there the couple went upstairs and soon after a shot was heard.

Mr. Ingram ran upstairs and saw the woman lying on the floor of the gallery and Beasley fired the last shot as she laid there. He then stepped in the door of the room and fired two shots in quick succession and fell dead.

Beasley was about 25 years old and his wife 18. She was a Miss Beasley of Wolfe City, where they were married six months ago. Arthur Hayes, of Wolfe City, is a brother of the deceased.

Medical aid was called but could only examine the bodies. They found that the woman was shot twice both shots in the head. Beasley shot himself twice in the heart, dying instantly.

Beasley was born and raised in the Black Cat Thicket and lived a while in Cyleste and later at Wolfe City. He had been drinking yesterday and a bottle of lemon extract was found on him. There were two charges against him in county court for selling liquor which had been continued to the first week in June.

The bodies were viewed by Justice Mason as coroner and were then taken to Collins' undertaking establishment to be prepared for burial.

### BACCALAUREATE SERMON

#### DR. FARIS PREACHED TO THE GRADUATING CLASS.

The Church Was Beautifully Decorated and the Music Was Uplifting.

Sunday morning the Baccalaureate sermon was preached to the High School graduating class in the Christian church by Dr. Faris of Dallas.

The church was beautifully decorated, the pulpit stand being banked with plants including white carnations, the class flower. Above in a trolly was the date "1910." The service was held in front of the pulpit of the graduating class, school board and faculty.

The congregation was greatly pleased with the musical part of the program which was under the direction of Miss Clara Perkins and was as follows:

Hymn.  
Quartet, composed of Mrs. G. A. Condon, Miss Nona Chamberlain, Messrs. Justin Burk and Morris Harrell.

Song, response to prayer by choir, composed of Mrs. Herman Nethell, Mrs. G. A. Condon, Mrs. W. T. Hill, Mrs. J. T. Tolbert, Miss Nona Chamberlain, Mrs. S. B. Brooks, Miss Grace Anderson, Mrs. Parker Beckham, Miss Suggett, Mrs. Miss Verba Clark, Mrs. Virgil Johnson, Morris Harrell, W. R. Hamilton, J. G. Bart and the Messrs. Terry.

Solo—"O Divine Redeemer," Mrs. J. P. Beckham.  
Offertory.  
Anthem—Choir.  
Solo—Hosanna—Miss Anderson.

This subject of the sermon was Christ, the Ideal Man. Dr. Faris held Christ up as an ideal and the service was one of the most impressive and eloquent ever preached to a graduating class in this city. At the outset he called attention to the fact that the ancient had this legend engraved upon the rock of Gibraltar: "No plus ultra," meaning beyond, but after the discovery of the western hemisphere the word "no" which made the meaning of the phrase: "Much beyond." He applied this to the graduating class by saying that it used to be thought that graduation meant that there was nothing else to be learned but now it means that there is much to be done. He held up Christ as the ideal for the accomplishment of the best work before the class and Christ did not deal in abstract principles and theories nor in dogmatic explanations and discourses but went about doing good and was a stumbling block to the worldly-wise of that generation.

The services were closed by the hymn "Onward, Christian Soldiers."

### BAKER SAID TO BE PURCHASER.

#### Report at Austin Regarding Sale of Texas Central Railroad.

Austin, Tex., May 23.—Frank Anderson, of Houston, attorney for the Texas road, was here today entering into the commission's valuation relative to the commission's valuation of the Beaumont, Sour Lake and Western railway. He is presently against the commission's valuation which was placed at \$2,500 while the company wanted the valuation placed at \$5,000 per mile. No further action was taken.

Mr. Anderson was asked concerning the reported purchase by Col. R. H. Baker of the Texas Central Railroad company in New York May 13. Mr. Anderson said he knew nothing of the transaction. According to a report, Roy Taylor, private secretary to Col. Baker, received a telegram from Col. Baker announcing the purchase. Col. Baker is now in New York organizing a company to take over the stocks and bonds.

#### PRESIDENT TAFT PARDONS MAN WHO IS NOW WITNESS.

New York, May 23.—The biggest sensation in the annals of the American Sugar Refining company employees was created this morning by the announcement that President Taft has pardoned Oliver Spitzer, superintendent of the Williamson docks of the company, who some months ago was convicted of underweighing and sentenced to two years in the Federal penitentiary at Atlanta.

### RACE ISSUE DISCUSSED

#### SUNDAY SCHOOL CONVENTION INVOLVED IN CONTROVERSY.

Negroes Not Allowed in Parade of Church Workers at Washington.

Washington, D. C., May 23.—The discussion was hot today in the world's sixth Sunday school convention over the criticism which some of the British delegates publicly heaped upon the Washington committee in the churches yesterday for barring negro delegates of the District of Columbia from the mammoth parade last Friday.

With two exceptions, criticism against the convention was made by white men and in addition to the English speakers two American delegates, W. N. Harshbarger of Boston and Louis Strimling of Plymouth church, Brooklyn, denounced the drawing of the color line.

Rev. John L. Dube, a Zulu delegate, got up at one of the meetings and declared that he had been admitted to hotels in London and New York but not in Washington.

The whole incident has stirred up varied feelings and it is not improbable that the question may be carried into the convention. The day's work began with eight simultaneous conferences in which the teachers assembled in divisions and discussed the special branches of the work they follow and then ressembled in the convention hall later when reports and recommendations of the conferences will be presented to the convention and discussed.
